4 Call charge details

Sky Communications offers calls based on a 24/7 time band.

Calls are rated and billed based on charge bands (destinations) where associated dial strings (allocated number formats) are mapped to a specific code. This document explains the charge bands (destinations) and associated prices. If further information of the dial strings allocated is required, please contact our support teams.

Where applicable for chargeable calls and associated billing the following rounding rules will be applied:

- **Duration rounding:** Calls will be rounded up to the next whole minute, except for service calls whereby the service charge aspect of the call will be rounded to the next whole second.
- **Call charge rounding:** Each call charge will be rounded up to the nearest penny.
- **Bill charges:** Total call charges will be rounded up to the nearest whole penny.

For some call types a connection charge per call and a pence-per-minute rate will be applied, while some call types to service numbers will provide an access charge and you'll be informed of the rate at the start of the call.

All charges unless stated otherwise are pence per minute and exclusive of VAT.

4.1 UK unlimited calls

We offer UK calls to 01, 02, 03 and Isle of Man numbers only (excludes Channel Islands, indirect access, and dial-up internet) subject to our acceptable use policy at <https://www.sky.com/shop/terms-conditions/talk/acceptable-use-policy/>

Inclusive mobile calls (07) and personal numbering (070) are also included. 076 paging, and Isle of Man mobile numbers do not constitute UK mobile calls.

For any calls that are in breach of our acceptable use policy or go over one hour in duration we will charge 15.5p per minute for UK landline calls and 16.13p for UK mobile.

4.2 Calls to the Channel Islands & Isle of Man

Calls to the Channel Islands are charged at separate rates to the rest of the UK.

A 19.17p connection fee applies to all calls. All call rates are in pence per minute.

Destination	Cost per minute
Channel Islands & Isle of Man landlines	7.60 pence
Isle of Man mobiles	44 pence
Channel Island mobile (f rate)	24.25 pence

4.3 Calls to service numbers

The cost of calling service numbers (084, 087, 09 and 118 numbers) is broken into two parts:

- An **access charge** of 11.5p per minute will be applied to all service calls.
- A **service charge** is the rest of the call charge. The organisation you're calling decides how much this charge will be and will tell you this.

Both these charges will apply to any part of a service call that is made in a charged period.

4.6.1 Operator connected calls

Customers may use an operator to connect calls to many destinations in the UK and abroad. Customers should be aware that the costs of making calls through an operator are often higher than making the calls direct, so customers should try to make direct calls whenever possible. This is not the case for the special assistance operator.

The different operators available to call are:

Destination	Operator number
UK	100
International	155
Special Assistance	198/195

There is no charge for making a call to an operator. Charges only apply if the operator then connects your call to a subsequent destination.

Charges for these calls generally have two parts: an operator service charge for connecting the call, which is a fixed amount for each call, and a call charge based on the type and duration of the call.

Operator connected calls to UK numbers

Customers can easily make calls via an operator in the UK to the destinations in the following table. Customers cannot make operator calls to premium rate numbers. Customers who connect to directory enquiries via the 100 operator will be charged as though they had made the call direct to the directory enquiry service.

Charges are for each minute or part thereof and the minimum charge is 5 minutes.

Destination	Connection fee	Call charge per minute
UK landline	£5.40	75 pence
UK other	£8.75	470 pence
UK mobile & 070	£8.75	200 pence

Operator connected calls to international numbers

Operator connected Calls to international destinations will be charged at £8.75 connection rate and £7 per minute.

Customers who connect to directory enquiries via the 155 international operator will be charged as though they had made the call direct to the directory enquiries service.

Charges are for each minute or part thereof and the minimum charge is 5 minutes.

Special assistance operator connected calls

Customers that require special assistance may dial 198 (or 195 blind and disabled) to connect to many destinations via an operator. There's no charge for making the call to the 198/195 special assistance operator. Customers will be charged standard SkyTalk rates for these calls depending on whether they are on Sky Pay As You Talk, SkyTalk Evenings & Weekends Extra, SkyTalk Anytime Extra, or SkyTalk International Extra.

Customers who connect to directory enquiries via the 198 special assistance operator will be charged as though they had made the call direct to the directory enquiry service.
